

ECOPERLA

# ECOPERLA SOFTCAB

## YOUR PROBLEM

Hard water steals time, money and causes breakdowns. When you use it, your heating bills increase by 20% on average and detergent use may be even 60% higher. Do you want to save money, stop worrying about your boiler or small appliances and finally start cleaning less?

## OUR SOLUTION

It's time to start using soft water in the entire household! It is possible with one of the Ecoperla Softcab cabinet water softeners! These devices are a sound solution that will not let you down in the fight against hard water. The secret lies in the high quality components.

## GENERAL INFORMATION

Ecoperla Softcab is a series of cabinet water softeners available in three sizes. You can choose a model with: 12, 25 and 35 litres of high-quality ion exchange resin. This series combines durability with efficiency. The devices are robust and come with a 10-year warranty.

Medium volume	12 l	25 l	35 l
Height	71 cm	114 cm	114 cm
Width	32 cm	32 cm	32 cm
Depth	51 cm	51 cm	51 cm
Salt consumption per regeneration	1,4 kg	3,0 kg	4,2 kg
Water consumption per regeneration	85 l	120 l	160 l
Max. recommended operating flow	2,0 m <sup>3</sup> /h	3,0 m <sup>3</sup> /h	3,6 m <sup>3</sup> /h
Connection	1"	1"	1"
Temperature (min/max)	2/48 °C	2/48 °C	2/48 °C
Pressure (min/max)	2/6 bar	2/6 bar	2/6 bar

## EFFECTIVE FIGHT AGAINST HARD WATER

## DESIGN

- Durable casing made of rugged plastic, which is resistant to mechanical damage and cracking
- Small casing dimensions allow for installation in confined spaces, e.g. recesses and built-in cabinets
- Conveniently located brine tank, thanks to which you can easily monitor the regenerating salt level in the tank and replenish it
- Sliding lid of the brine tank protects against external contamination and allows for quick and comfortable access to the tank
- Backlit display for clear reading of information, and simple interface - for quick setting adjustment
- Software available in Polish
- Control panel directly connected to the control head with an additional cover protecting against external contamination and scratching

## WHAT'S INSIDE?

- Very durable and efficient monosphere ion exchange resin
- Faultless Clack control head - refined in every smallest detail, specially dedicated to Ecoperla Softcab water softeners
- Overflow prevention systems
- Integrated mixer in the control head
- Countercurrent regeneration
- Innovative Ecoperla Perfect System settings
